Proxies

A shareholder entitled to attend and vote has a right to appoint a proxy to attend and vote instead of the shareholder. A proxy need not be a shareholder and can be either an individual or a body corporate. If a shareholder appoints a body corporate as a proxy, that body corporate will need to ensure that it:

- appoints an individual as its corporate representative to exercise its powers at the Meeting, in accordance with section 250D of the Corporations Act; and
- provides satisfactory evidence of the appointment of its corporate representative prior to commencement of the Meeting.

If such evidence is not received before the Meeting, then the body corporate (through its representative) will not be permitted to act as a proxy.

A shareholder that is entitled to cast 2 or more votes may appoint 2 or more proxies and may specify the proportion or number of votes each proxy is appointed to exercise. If no proportion or number is specified, each proxy may exercise half of the shareholder's votes.

Any directed proxies that are not voted on a poll at the Meeting by a shareholder's appointed proxy will automatically default to the Chairman of the Meeting, who is required to vote proxies as directed on a poll.

Members of the Key Management Personnel (which includes each of the Directors) and Closely Related Parties of a member of the Key Management Personnel will not be able to vote as proxy on Resolutions 5 - 7 unless the shareholder tells them how to vote, or in the case of the Chairman of the Meeting, unless the shareholder expressly authorises him to do so. If a shareholder intends to appoint a member of the Key Management Personnel (other than the Chairman) or a Closely Related Party of a member of the Key Management Personnel as their proxy, the shareholder should ensure that they direct the member of the Key Management Personnel or a Closely Related Party of a member of the Key Management Personnel how to vote on Resolutions 5 - 7.

If a shareholder intends to appoint the Chairman of the Meeting as their proxy for Resolutions 5 – 7, shareholders can direct the Chairman how to vote by marking one of the boxes for Resolutions 5 – 7 (for example, if the shareholder wishes to vote 'for', 'against' or to 'abstain' from voting).

If a shareholder appoints the Chairman as their proxy and the shareholder does not direct the Chairman how to vote on Resolutions 5 – 7, please note that by completing and returning the Proxy Form the shareholder will be expressly authorising the Chairman of the Meeting to exercise its undirected proxy on Resolutions 5 – 7 even though they are connected with the remuneration of Key Management Personnel.

Resolution 5 – Remuneration Report

In accordance with section 250R(2) of the Corporations Act, the Company is required to present to its shareholders the 2015 Remuneration Report as disclosed in the Company's 2015 Annual Report.

The 2015 Remuneration Report explains the Board policies in relation to the nature and level of remuneration paid to the Company's Key Management Personnel (including the Directors), sets out details of the remuneration and service agreements for each member of Key Management Personnel and sets out the details of any share-based compensation.

Subject to the rules set out in Division 9 of Part 2G.2 of the Corporations Act described below, Resolution 5 is advisory only and does not bind the Directors or the Company. Of itself, a failure of shareholders to pass Resolution 5 will not require the Directors to alter any of the arrangements in the 2015 Remuneration Report. However, the Board will take the outcome of the vote very seriously when considering the Company's future remuneration policy.

Consequence of voting against Resolution 5

If at least 25% of the votes cast on Resolution 5 are against the adoption of the Remuneration Report, and at least 25% of the votes cast at the next annual general meeting of the Company (**2016 AGM**) on a resolution that the 2016 Remuneration Report be adopted is against the adoption of the report, then the Company will be required under section 250V of the Corporations Act to put to the vote a resolution that another meeting be convened within 90 days of the 2016 AGM (the **Spill Meeting**). If shareholders approve the convening of a Spill Meeting, then at that meeting:

- (a) all the Directors of the Company who were directors at the time of the 2016 AGM (other than the Managing Director) will cease to hold office immediately before the end of the Spill Meeting; and
- (b) a resolution to re-elect the Directors referred to in (a) will be put to the vote at the Spill Meeting.

A reasonable opportunity will be given to shareholders as a whole to ask questions about, or make comments on, the Remuneration Report. The Remuneration Report is set out in the Company's 2015 Annual Report and is also available within the 2015 Financial Report on the Company's website (www.igo.com.au).

For the voting exclusions applicable to this Resolution 5, please refer to the 'Entitlement to vote' section of the Notice of Meeting.

Recommendation

The Board recommends that shareholders vote in favour of adopting the 2015 Remuneration Report.

The Chairman of the Meeting intends to vote all available proxies in favour of Resolution 5.

Special Business

Resolution 6 – Issue of Performance Rights to Mr. Peter Bradford

Background

Resolution 6 seeks shareholder approval for the grant of Performance Rights to Mr. Peter Bradford, the Company's Managing Director, pursuant to the Company's Performance Rights Plan (PRP), and otherwise on the terms and conditions set out in this Explanatory Memorandum.

The Company's remuneration policy is to ensure that executive remuneration is competitive in attracting, motivating and retaining executives of a high calibre and properly reflects the duties and responsibilities of each relevant executive. The remuneration structure used by the Company to achieve these objectives includes the combination of fixed annual remuneration and performance-related remuneration (including participation in the PRP).

ASX requires, under Listing Rule 10.14, that shareholders approve the grant of securities to a director.

Accordingly, shareholder approval is sought for the grant of Performance Rights to Mr. Bradford as set out below.

Number of Performance Rights

The number of Performance Rights to be granted to Mr. Bradford will be 217,391. This number was set by the Board in the context of considering Mr Bradford's remuneration package, of which Performance Rights form a part. The Remuneration Committee recommended, and the Board resolved, that the value of Mr. Bradford's annual remuneration package for the year ending 30 June 2016 should be \$750,000 per annum.

Terms of Performance Rights

All Performance Rights granted will be on terms consistent with the rules of the PRP, which was approved by shareholders at the 2014 AGM. A summary of the key terms of the PRP is contained in Attachment A, and a full copy is available to shareholders from the Company's share registry on request.

No consideration is payable by Mr. Bradford at the time of grant of the Performance Rights or upon the allocation of ordinary shares to which Mr Bradford may become entitled upon Performance Rights vesting. Each Performance Right will entitle the holder to one fully paid ordinary share in the Company at no cost, subject to satisfaction of the performance hurdles described below.

Performance hurdles

The Performance Rights will vest and convert into ordinary shares if, over the 3 year measurement period (being 1 July 2015 to 30 June 2018), the performance hurdles are achieved. Performance Rights that have not vested where the performance hurdles have not been satisfied or waived by the expiry date, will automatically lapse.

Total Shareholder Return (TSR)

Performance measures for the Performance Rights are based on a TSR Scorecard. The TSR Scorecard determines the entitlement to 100% of the Performance Rights. The TSR scorecard for the 3 year measurement period (being 1 July 2015 to 30 June 2018) will be determined based on a percentile ranking of the Company's TSR results relative to the TSR of each of the companies in the comparator group over the same 3 year measurement period (Relative TSR).

TSR Scorecard

TSR

TSR measures the return received by shareholders from holding ordinary shares over the relevant Performance Period, calculated as follows:

$$\text{TSR} = \frac{(B - A) + C}{A}$$

Where:

A = the Market Value of the share at the start of the Performance Period

B = the Market Value of the share at the end of the Performance Period

C = the Market Value of the share at the end of the Performance Period

Relative TSR

The TSR Scorecard will be determined based on the ranking of the Company's TSR results, relative to the TSR of each of the companies in the comparator group over the same Performance Period.

The comparator group currently comprises the constituents of the S&P ASX 300 Metals & Mining Index who are engaged in gold and/or base metals mining in Australia. The current list of the comparator group and methodology of selecting the comparator group are set out in Attachment B. The Board has discretion to adjust the peer group from time to time in its absolute discretion.

The vesting schedule for the Performance Rights subject to relative TSR testing is as follows:

Relative TSR performance	TSR Scorecard (Level of vesting)
Less than 50 th percentile	Zero
Between 50 th and 75 th percentile	Pro-rata straight line percentage between 50% and 100%
75 th percentile or better	100%

Continuing employment

If Mr. Bradford's employment or position as a director ceases because of an Uncontrollable Event (see the 'Definitions' at the end of this Explanatory Memorandum), then, at the discretion of the Board, unvested Performance Rights will vest.

If Mr. Bradford's employment or position as a director ceases because of a Controllable Event, see the 'Definitions' at the end of this Explanatory Memorandum), then the Board, at its discretion, may determine the extent to which unvested Performance Rights may vest.

ASX Listing Rule 10.15 information requirements

ASX Listing Rule 10.15 requires the following information regarding the PRP to be included in this Explanatory Memorandum:

- Subject to shareholder approval being obtained, the maximum number of Performance Rights (and hence ordinary shares) that the Company may issue to Mr. Bradford will be 217,391.
- No consideration is payable by Mr. Bradford at the time of grant of the Performance Rights or upon the allocation of the ordinary shares to which Mr. Bradford may become entitled upon vesting of the Performance Rights.
- Since the PRP was last approved by shareholders at the 2014 annual general meeting, Mr. Bradford has been granted 175,365 Performance Rights. No consideration was payable by Mr. Bradford for the grant of these Performance Rights, nor was any consideration to be payable upon the allocation of the ordinary shares to which Mr. Bradford may have become entitled upon vesting of those Performance Rights.
- The other directors of the Company (being Messrs Bennett, Bilbe, Buck, Clifford, Spence and Warburton) are entitled to participate in the PRP, though the Company has not sought shareholder approval for such an issue and they have not received any securities under the PRP to date. It is the current intention of the Board that non-executive directors will not participate in the PRP.
- The voting exclusion statement in relation to Resolution 6 is included in the 'Entitlement to vote' section of the Notice of Meeting.
- No loans will be made by the Company in connection with the acquisition of Performance Rights or ordinary shares upon the vesting of Performance Rights by Mr. Bradford.
- The Company will issue the Performance Rights to Mr. Bradford as soon as practicable following the Meeting and no later than 12 months after the Meeting.

Corporate governance

Mr. Bradford is an executive director of the Company. Recommendation 8.3 of ASX's Corporate Governance Principles and Recommendations encourages ASX listed companies to establish remuneration packages that involve a balance between short term and long term performance objectives. In the Board's view, the issue of Performance Rights to Mr. Bradford is an appropriate means of providing these long term performance objectives. The Board also considers that the retention of high quality and well-credentialed executive directors, like Mr. Bradford, is essential to the ongoing development and success of the Company and its projects.

Dilution

The Performance Rights to be issued to Mr. Bradford will have a diluting effect on the percentage interest of existing shareholders' holdings. The diluting effect of these Performance Rights is less than 0.1% of the Company's current share capital.

The Board has formed the view that remuneration in the form of the Performance Rights to be granted to Mr. Bradford is reasonable given the Company's circumstances, and Mr. Bradford's circumstances (including his responsibilities). The Board is of the opinion that the terms of issue of the Performance Rights to Mr. Bradford are reasonable.

Recommendation

The Board (with Mr. Bradford abstaining) recommends that shareholders vote in favour of Resolution 6.

The Chairman of the Meeting intends to vote all available proxies in favour of Resolution 6.

Resolution 7 – Approval of increase in Directors' fees

Background

Resolution 7 seeks shareholder approval, for the purposes of Listing Rule 10.17 and for all other purposes, for the Company to be authorised to increase the aggregate amount of fees available to be paid to non-executive directors by \$500,000 from an aggregate amount of \$1,000,000 per annum to an aggregate amount of \$1,500,000 per annum.

The Board considers that it is reasonable and appropriate at this time to seek an increase in the remuneration pool for non-executive directors for the following reasons:

- expected growth of the Company following the acquisition of Sirius Resources NL and increased responsibilities for non-executive directors;
- the increase in the number of non-executive directors by 50% since the last annual general meeting;
- non-executive directors' fees may in the future need to be increased to retain directors (noting the need for orderly succession planning);

- to attract new directors of a calibre required to effectively guide and monitor the business of the Company;
- the directors may from time to time appoint additional non-executive directors to ensure the Board has the appropriate skills and experience;
- Corporate Governance best practice is such that non-executive directors are remunerated via fixed cash based fees and not through equity based performance schemes; and
- to remunerate directors appropriately for the expectations placed upon them both by the Company and the regulatory environment in which it operates.

The maximum aggregate fees payable to directors was last increased in 2014 (before the acquisition of Sirius Resources NL).

No securities have been issued to any non-executive director under ASX Listing Rules 10.11 or 10.14 with shareholder approval within the past three years.

Effective 1 September 2014, the Company's non-executive Chairman is entitled to directors' fees of \$230,000 per annum and non-executive directors are entitled to directors' fees of \$120,000 per annum.

It is not intended to fully utilise the increased aggregate fees in the immediate future.

For the voting exclusions applicable to this Resolution 7, please refer to the 'Entitlement to vote' section of the Notice of Meeting.

Recommendation

As the non-executive members of the Board have an interest in Resolution 7, the Board has not made a recommendation to shareholders on Resolution 7.

The Chairman of the Meeting intends to vote all available proxies in favour of Resolution 7.

Resolution 8 – Approval of financial assistance

Background

Acquisition of Sirius Resources NL

The Company entered into an agreement (**Scheme Implementation Deed**) to acquire all of the ordinary shares and partly paid shares in Sirius Resources NL (**Sirius**) by way of a scheme of arrangement under the Corporations Act (the **Acquisition**). The Acquisition was completed on 22 September 2015. Immediately following completion, the Company became the Ultimate Australian Holding Company of Sirius and its subsidiaries, other than those subsidiaries demerged as part of a contemporaneous demerger by Sirius.

The Company is party to a Syndicated Facility Agreement with National Australia Bank Limited (**NAB**) as Agent and each of NAB, Australian and New Zealand Bank and Commonwealth Bank of Australia as lenders for the provision of financial accommodation to the Company in the aggregate principal amount of \$550,000,000 (**Loan Agreement**).

The Company used the funds available under the Loan Agreement to finance the cash consideration payable under the Acquisition and will also use the funds in connection with the development of the Nova Project.

Restrictions on companies giving financial assistance

Resolution 8 seeks shareholder approval for the purpose of complying with section 260A(1) of the Corporations Act.

Under this section, a company may financially assist a person to acquire shares in the company or a holding company of the company only in limited circumstances, including where the assistance is approved by shareholders under section 260B of the Corporations Act.

Shareholder approval of financial assistance

Under section 260B(1) of the Corporations Act, a company may financially assist a person to acquire shares in itself or a holding company of the company if the financial assistance is approved by its shareholders by:

- a special resolution passed at a general meeting of the company, with no votes being cast in favour of the resolution by the person acquiring the shares (or units of shares) or by their associates; or
- a resolution agreed to, at a general meeting, by all ordinary shareholders.

If, immediately after the acquisition, the company will be a subsidiary of another domestic corporation that is listed in Australia (**Ultimate Australian Holding Company**), then the financial assistance must also be approved by a special resolution of the Ultimate Australian Holding Company, passed under section 260B(2) of the Corporations Act at a general meeting of that corporation.

Approval by shareholders of the Company under section 260B(2)

The purpose of this section of the Explanatory Memorandum is to explain in further detail Resolution 8, as set out in the Notice, which must be passed under section 260B(2) of the Corporations Act to enable certain subsidiaries of the Company to financially assist the Company in connection with the Loan Agreement (as described below under the heading 'Financial Assistance').

Overview of Arrangements

The Loan Agreement provides for two facilities:

- the first facility (**Facility A**) is an Australian dollar amortising term loan facility in an aggregate amount equal to \$350,000,000; and
- the second facility (**Facility B**) is an Australian dollar revolving credit facility in an aggregate amount equal to \$200,000,000, (together, the **Facilities**).

As at the date of this Explanatory Memorandum, the Company has only drawn down \$200,000,000 from Facility B.

Purpose

Funds were made available under Facility A to assist with:

- the refinancing of any financing made available pursuant to certain pre-existing financing agreements, including Sirius's project finance facility, together with any hedging or related transactions entered into in connection with that facility;
- the payment of costs of development, construction and operation of the Nova project; and
- the working capital requirements of the Company Group.

Funds were made available under Facility B to assist with:

- finance requirements of the Company for the Acquisition, including the payment of the cash consideration provided for under the Scheme Implementation Deed;
- payment of any non-recurring fees, costs, expenses or taxes incurred by the Company in connection with the Acquisition or the Facilities; and
- general corporate purposes of the Company Group.

Other terms

The Loan Agreement includes events of default, financial covenants, undertakings, representations and warranties from the Company and the Guarantors consistent with facilities of this nature or as required by the Agent and the Financiers due to the particular circumstances of this transaction.

The undertakings include:

- a negative pledge;
- undertakings not to acquire or dispose of assets;
- undertakings not to incur financial obligations; and
- undertakings not to make distributions to shareholders,

in each case subject to agreed exceptions.

Guarantees

The Loan Agreement contains guarantees and indemnities in respect of the Loan Agreement given for the benefit of the Agent and all the Financiers.

It is condition of the Loan Agreement that certain members of the Company Group are to become Guarantors and thereby guarantee, among other things, the payment of any moneys owed under the Loan Agreement and the performance of all obligations of the Company and each other Guarantor under the Loan Agreement.

Financial assistance by Sirius Group

The terms of the Loan Agreement require that each entity in the Sirius Group become a Guarantor of the Loan Agreement.

Upon entering into the guarantee, each Sirius Group company would, among other things, become bound by the guarantees, indemnities and undertakings and give the representations and warranties referred to above.

In addition, Sirius Group companies may be required to:

- subordinate intercompany claims;
- transfer assets to, or assume other liabilities of, the Company or other subsidiaries or related parties of the Company;
- make available directly or indirectly their cash flows (whether through dividends, capital distributions, intercompany loans or otherwise) or other resources in order to enable the Company and the other Guarantors to comply with their payment and other obligations in respect of the Loan Agreement; and
- provide additional support which may include incurring additional obligations and/or providing additional guarantees.

Approval of the financial assistance

Financial assistance approvals

The participation by the Sirius Group in the financing and other transactions described above may constitute the giving of financial assistance in connection with the Loan Agreement within the meaning of the Corporations Act.

Pursuant to section 260B of the Corporations Act, the giving of the financial assistance by the members of the Sirius Group has been approved by a unanimous resolution of the sole shareholder of each relevant company in the Sirius Group.

Accordingly, it is proposed that the financial assistance also be approved by shareholders under Resolution 8, pursuant to section 260B(2) of the Corporations Act.

Reasons for giving financial assistance

The reason for the giving of the financial assistance described above is to enable the Company to comply with certain of its obligations under the Loan Agreement.

If such obligations are not complied with in a timely manner, an 'Event of Default' may occur under the Loan Agreement and the funding provided under the Loan Agreement may be required to be repaid.

Effect of financial assistance

The substantial effect of the financial assistance on the Sirius Group is that each Sirius Group company will have guaranteed all amounts payable under the Loan Agreement and will be subject to the undertakings and other obligations as outlined above.

As the Company is already liable for the amounts payable under the Loan Agreement, the giving of the financial assistance described in this memorandum by the Sirius Group is unlikely to have any adverse effect on the Company, except that the operations of the Sirius Group will be restricted by the representations and undertakings given by them under the Loan Agreement.

The operations of the Sirius Group will also be restricted by the representations and undertakings given by them under the Loan Agreement.

Advantages of the proposed Resolution 8

The advantage to the Company of the proposed Resolution 8 is that the Sirius Group will be able to accede to the Loan Agreement and so avoid an Event of Default occurring under the Loan Agreement. If an Event of Default occurred, the Financiers may require immediate repayment of the amounts due under the Loan Agreement. This may require a disposal of the shares acquired by the Company in its subsidiaries (including the Sirius Group) at less than the value that the Company would otherwise expect to be achieved.

The directors of the Company believe that approving the transactions contemplated by this Explanatory Memorandum is in the interests of the Company.

Disadvantages of the proposed Resolution 8

As the Company is already liable for the amounts due under the Loan Agreement, the directors of the Company do not believe there are any disadvantages to the Company of the proposed Resolution 8, except that the operations of the Sirius Group companies will be restricted by the representations and undertakings given by them under the Loan Agreement.

The disadvantages of the proposed Resolution 8 for the Sirius Group companies include the following:

- (1) they will become liable for the amounts due under the Loan Agreement;
- (2) their operations will be restricted by the representations and undertakings given by them under the Loan Agreement;
- (3) the Company may default under the Loan Agreement and related agreements; and
- (4) the Financiers may make a demand under the guarantees provided by the Sirius Group companies requiring immediate repayment of the amounts due under the Loan Agreement.

However, the Board do not currently believe that either the Company, any existing Guarantor or any of the Sirius Group companies are likely to default in their obligations under the Loan Agreement.

Prior notice to Australian Securities & Investments Commission

As required by section 260B(5) of the Corporations Act, copies of the Notice and this Explanatory Memorandum as sent to the shareholders were lodged with the Australian Securities & Investments Commission prior to their dispatch to shareholders.

Recommendation

The Board considers that this Explanatory Memorandum contains all information known to the Company that would be material to the shareholders in deciding how to vote on the proposed Resolution 8, other than information which it would be unreasonable to require the Company to include because it has been previously disclosed to the shareholders of the Company.

The Board recommends that the shareholders vote in favour of Resolution 8 to approve the giving of financial assistance as set out above.

The Chairman of the Meeting intends to vote all available proxies in favour of Resolution 8.

Action to be taken by shareholders

Shareholders should read this Explanatory Memorandum carefully before deciding how to vote on the Resolutions. A Proxy Form is attached to the Notice. This is to be used by shareholders if they wish to appoint a representative (a "proxy") to vote in their place. All shareholders are invited and encouraged to attend the Meeting or, if they are unable to attend in person, sign and return the Proxy Form to the Company in accordance with the instructions provided. Lodgement of a Proxy Form will not preclude a shareholder from attending and voting at the Meeting in person.
