

# MAKING A DIFFERENCE

## ENVIRONMENTAL POLICY

**At IGO we care about the environment and proactively take action to both minimise and mitigate our impacts.**

IGO will therefore:

- Operate in accordance with our environmental management systems
- Monitor and measure our environmental impacts
- Implement risk management strategies based on valid data and sound science
- Identify the environmental aspects and potential impacts associated with our operations
- Establish, implement, and maintain documented environmental objectives and targets
- Actively reduce pollution and waste
- Diligently plan for mine closure and progressively rehabilitate the areas we disturb
- Contribute to the conservation of biodiversity and integrated approaches to land use planning
- Fulfil our compliance obligations, identify and report non-compliance, and complete corrective actions
- Facilitate and encourage responsible product design, use, re-use, recycling and disposal of our products; and
- Implement effective and transparent engagement, communication and independently verified reporting arrangements, to ensure internal and external stakeholder awareness.

The IGO Board and Executive Leadership Team have ultimate oversight for the implementation of environmental management and improvements, however all IGO employees and contractors have a shared and personal responsibility to ensure our business activities are managed in accordance with this Environmental Policy.

A handwritten signature in black ink, appearing to read 'Matt Dusci'.
